

Dear Courageous Donor,

Please join Courage California on September 14th at 5:30pm for our virtual fundraiser "Courageous Voices, One Movement." This special event will support Courage California's ongoing work towards equity and justice for all Californians, while also celebrating courageous moments, leaders, and coalitions fighting alongside us for a truly representative democracy.

Following up on our 2021 event that featured Dolores Huerta, Nadya Okamoto, and Aria Sa'id in an intergenerational movement conversation, this year we will continue to shine a light on courageous voices that speak truth to power. We know what can be accomplished when we collectively stand against fear-mongering, unjust policies, and exploitative special interests in the legislature as witnessed in our successful No On the Recall campaign last year.

In order for us to have similar or even greater success in the November midterm elections, we will have to work extra hard to equip California voters with resources they need to make informed decisions at the polls. For the June primary elections, our [Voter Guide](#) had 115,000 unique users and 47.4% of them were 18 - 34 years old! Our plan is to build on this momentum of civic engagement of young voters through targeted social media and digital ad campaigns highlighting ballot measures that will have a profound impact on their lives. Your contributions to our virtual fundraiser will not only directly support GOTV outreach efforts to young voters, but to California voters statewide.

That's why as a long time valued supporter of Courage California, we are giving you an exclusive opportunity to reserve your tickets for the event now! Additionally, you are able to support student participation at the event as well. Please see the attached form for donation levels.

To send your tax-deductible donation via check or wire transfer, please reach out to our Development Director Amber Washington via email: amber@couragecalifornia.org for assistance. We will follow up with you in the next week to discuss your participation at the event!

In Solidarity,

Irene and the Courage California Team
